

## Child's Play Matrix

Child's Play Matrix is the latest product to join the growing family of Matrix carbon composite AFO's.

As the baby of the family, Child's Play Matrix is specifically designed for paediatric patients with ankle stability, forefoot amputation and drop foot.

### Features:

-  Lightweight, carbon composite frame with enhanced stability
-  Lateral strut that is anterior to malleolus
-  Open calcaneal design
-  Custom-fit, anterior shell and footplate
-  Available in red or blue

Indications: Low to high activity patients with unilateral or bilateral drop foot; suitable for partial foot amputations.

Left Model No.	Right Model No.	Colour	Footplate length (mm)	Anterior height (mm)	UK shoe size
